Clark Airport modernization kicks off with signing of concession agreement

Background/Description of the Disclosure

The development of Clark International Airport (CIA) has reached a major milestone today with the signing of the concession agreement for the airport's operations and maintenance granted by the Bases Conversion and Development Authority (BCDA) to the North Luzon Airport Consortium (NLAC).

In a ceremony held at the Shangri-La at The Fort in Bonifacio Global City, Taguig City, BCDA officials led by President and CEO Vivencio B. Dizon, together with top executives of the NLAC companies comprising of Filinvest Development Corporation (FDC), JG Summit Holdings Inc. (JGSHI), the Philippine Airport Ground Support Solutions Inc. (PAGSSI) and Changi Airports Philippines (I) Pte. Ltd., a wholly owned subsidiary of Changi Airports International (CAI), inked the contract that grants a 25-year concession to the consortium to develop the commercial assets, operate and maintain project facilities and fit-out the new terminal in Clark.

In December 2018, NLAC won the public bidding by the government for private companies to enter into a contract for the operations and maintenance of Clark International Airport's existing passenger terminal and the development of a new modern terminal building targeted for operation by 2021.
